But we are so proud of our soda water that we want you to try it and compare it with any other soda water you care to. We'll take a chance on your buying here if you buy at all.

# The New Premier

MODEL 19 ELECTRIC CLEANER

The most interesting and significant evolution which has taken place in electric cleaners is found in the *New Premier*.

The *New Premier* gives you a specialized, individual housework service, co-operating with you in doing your cleaning the way you prefer.

The *New Premier* answers your every desire. If you prefer a pliable rubber-fingered brush, you will find it a part of the *New Premier*. For more forceful cleaning, there is a tufted bristle brush. Both interchangeable brushes are motor driven.

The wide and complete range of the *New Premier's* powers, so decidedly worth while, will be demonstrated to you at our store, or, if you wish, at your home. Modest prices. Convenient terms.
